

IN THE DRAWINGS:

Applicant respectfully requests that Figures 3, 4, 6, 7 and 8 be amended as shown in Attachment A. The figures are being amended in order to correct character numeral designations. Also, Figure 4 is being amended to show that the area defined on the inner side walls by the first arch 36 and the second arch 37 is not secured by an adhesive to the respective outer side walls. Figure 4 is being amended to be consistent with the specification on page 8, lines 4-8. Figures 6 and 7 clearly show that the area on the inner side walls defined by the arches is not secured to the respective outer side walls. Specifically, the area defined by the arches as shown in Figures 6 and 7 is slanted towards the respective outer side walls.
